MobiControl for iPhones and iPads!

Manage, Support, Secure & Track Your Devices Anytime, Anywhere

Take Control of Your Mobile Field-Force

SOTI's multi-award winning and industry leading mobile device management solution now supports iOS 4.2+ devices!

SOTI MobiControl is the mobile device management solution of choice for centralized control, robust security, instantaneous support and enhanced tracking over any network for any size of deployment. MobiControl's iOS MDM solution treats enterprises to the most comprehensive set of quality features available on the market.

MobiControl^{v8.5} - The Right Choice!

NEW Web Console

Access MobiControl anywhere at anytime with the new multi-platform, web-based Management Console. No software installation required.

NEW Secure OTA Enrollment

Enroll & Provision iOS devices in seconds Over the Air (OTA).

NEW Application Catalog

Install in-house and recommended third party applications from a private and customizable application catalog.

Award-Winning Extensible Architecture

Scalable from ten to tens-of-thousands of devices.

Maximize Your ROI

MobiControl translates a support cost savings in excess of \$200 per user/year. - VDC Research Group, Inc.

"The remarkable part of the installation process was that we were able to install MobiControl on over 2,844 mobile devices in a 24-hour period."

- Amanda Kahler, Manager, Handheld Support, MasTec, USA

"The cost associated with Device Management with SOTI MobiControl is a fraction of the cost of other solutions, while providing twice the feature set."

- Ben F. Marshall, KCI, USA

Winner of 2010 Microsoft Worldwide Mobility Solution of the Year

Automatically enroll and customize devices securely over any network connection over the air (OTA).

Remote control over any network and interact with users through a live 2-way Chat.
